Prices valid until 31st March 2021. Price quoted is for the hospital fee only and may vary depending on your chosen consultant, your medical history and the specifics of your procedure.

Packages including histology charges are based on a standard biopsy sample. Extra costs may be incurred if biopsy samples taken are larger or more complex than standard or if further professional opinion is required.

\* Ophthalmic injection prices may vary depending on the market rate of the high cost drugs used which will be reviewed periodically
